It would be a good idea if we took a stronger look at renewable resources, namely, things that grow every year and that are available to us. Back in President Carters administration, we had numerous hearings then, in the Agriculture Committee and the Foreign Relations Committee, trying to see if we could establish more independence. This has waxed and waned as times have gone on. Sometimes we have become less urgent about the situation. Even now, many Americans are not really aware of how critical a problem we may have, although increasingly they are becoming aware as crisis occur in our power grids or natural things transmission or debates over general supplies. Having said that, it has always struck me as curious why the Nation as a whole did not see more urgency in establishing bio-fuels, leaving aside...
