*A high quality pdf as well as the typeface applied was exciting to see. It really is written in simple words and phrases rather than difficult to understand. You will not really feel monotony at any time of your time (that's what catalogs are for relating to in the event you question me).*

Baen Books. Paperback. Book Condition: new. BRAND NEW, Blood of the Heroes, Steve White, Jason Thanou of the Temporal Regulatory Authority had about had it with nursemaiding parties of ivory-tower academics through Earth's blood-drenched history, keeping them alive as they sought evidence for their pet theories. Of course, when one of the ivory-tower academics looked like Doctor Deirdre Sadaka-Ramirez, one last expedition didn't look like such a bad idea after all. Besides, there was something to be said for witnessing the Santorini explosion of 1628 B.C. - the most cataclysmic natural disaster of human history, and the source of much of the mythology of Jason's own Greek ancestors. But once Jason and his companions were in the Aegean Bronze Age, unable to return to their own twenty-fourth century time until a predetermined instant, they would find that there was more to those old legends of gods and heroes than anyone had imagined. For the gods were very real-horribly so. And dealing with them took very real heroes.
