Createspace, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.To be able to learn something well, you must first have that light bulb moment when you understand it-what it is, how it works, why it has the capabilities and limitations that it does. This book is your light bulb for self-editing. It isn t a checklist of rules or specifics to tell you, This is wrong. or This is right. Why not? Because You must never do X and You must always do Y are both BS. Every technique has situations where it s best avoided. Every technique has situations where it s best used. Some of those situations might be highly unlikely to appear in your writing-ever-but hey, I m not you. I don t know what you re writing and why, and I ve probably not read any of your work. But I have read well over 2,500 books, and that s not including the hundreds I ve edited. And I have tutored and helped others improve their writing ability, even when they thought they couldn t learn. I m skilled at spotting the gaps in things, the holes that need filling in. And how to edit discussions have some huge gaps. What are the capabilities and limitations of self-editing? How is it possible? Why should anyone do it? If you don t understand the answers to those questions, then any and all attempts to edit your own work will be handicapped. Understanding self-editing is necessary. I work as a freelance writer, editor, and web coder. As a writer and coder, I m expected- required! -to be able to adequately self-edit my own work. But as an editor, I m expected to treat self-editing as...
