Brand New Book ***** Print on Demand *****.Excerpt from *The Stomach: Its Disorders, and How to Cure Them* An eminent comparative anatomist defines an animal as a stomach with various organs appended, - a definition which presents in a very clear light the relative importance of the stomach in the association of the organs and structures which constitute the human as well as the animal body. The stomach must certainly be regarded as the center of the nutritive processes of the body, and any derangement of its function must therefore result in disorder of the entire organism. The close relation between the condition of the stomach and that of the mind has been observed even by the most primitive nations, and has led some of them to regard the stomach as the veritable seat of the soul. There is sound truth in the ancient German adage, As a man eateth, so is he. It may truly be said that disorders of digestion are the most prevalent of all human ills, and investigators within the last twenty years have been making more and more clear the fact that the great majority of diseases are primarily due to derangement of the digestive processes. The remarkable researches of Professor Bouchard, of Paris, and others, have shown that such diseases as consumption, typhoid fever, and cholera, as well as Bright's disease and analogous maladies, are indirectly, if not directly, due to a disordered condition of the stomach, as the result of which the defenses of the body are broken down, and infection rendered possible. Notwithstanding the great prevalence of stomach disorders, and the large amount of knowledge and experience which have been accumulated by the profession in...
