BLACK HOLES: AN INTRODUCTION

Imperial College Press. Paperback. Book Condition: new. BRAND NEW, Black Holes: An Introduction, D.J. Raine, Edwin Thomas, This introduction to the fascinating subject of black holes fills a significant gap in the literature, which exists between popular, non-mathematical expositions and advanced textbooks at the research level. It is designed for advanced undergraduates and first year postgraduates as a useful stepping-stone to the advanced literature. The book provides an accessible introduction to the exact solutions of Einstein's vacuum field equations describing...

Reviews

This publication is indeed gripping and interesting. It can be filled with knowledge and wisdom You will not really feel monotony at anytime of your time (that's what catalogues are for regarding in the event you request me).

-- **Prof. Muhammad Lesch MD**

Here is the best publication i have go through right up until now. Better then never, though i am quite late in start reading this one. Its been developed in an remarkably basic way in fact it is simply right after i finished reading this pdf through which basically transformed me, change the way in my opinion.

-- **Colin Bergnaum**

If you need to adding benefit, a must buy book. It really is writer in straightforward words and phrases rather than difficult to understand. Your life period is going to be change the instant you total reading this ebook.
