LECTURE IL I. H E works of nature are of inJL sinite extent and variety: but amidst all this variety, there is such an intimate connection, that no one part can be thoroughly understood by studying it entirely detached from the rest. In our enquiries into the various branches of the works of nature, there are certain general views, and certain general principles of investigation, to be particularly attended to. The general views to be attended to, in the study of nature, respect, I. The advantages it brings to individuals, a. Public utility. I. The advantages to individuals, that attend enquiries into nature,...
